She Explains Herself.

Kate Field Has a Plan and Briefly Unfolds It.

A CHECK TO DRUNKENNESS.

She Believes That Pure, Cheap Native Wines Should be Substituted for Stronger Drinks. A Suggestion to the Inaugural Committee at Washington--Waiting Their Action.

KATE FIELD

BOSTON, Jan. 4.—Miss Kate Field denies that she is an agent for a California wine company. She is interested in prohibition, but says she has been convinced that the way to end drunkenness is to substitute light, pure, cheap native wines at tables for the popular, injurious drinking between meals of distilled spirits.

"I believe in fostering a beneficent industry and in upholding home productions. I have suggested to the festival committee at Washington that they use only California wines on March 1. I have made no reference to the 'White House' bill," which it does not concern the nation, but when a National party gives a National bill it should uphold its avowed domestic principle, which is supposed to be the championing of home industries. I am awaiting the action of the festival committee with considerable interest."

WINDSOR, CANADA, EXCITED
Over the Coming Election Annexation
Votes Openly Soltted.

OTTAWA, Ont., Jan. 4.—There is great excitement over the minority contest in Windsor, which is to be held Monday next. It is the first test of who who have been brought up to date in preparation of a secession with the United States. Senator White, ex-member of pro-slavery, a strong personal friend of Sir J. G. Macdonald and a supporter of his government, goes to the polls as an annexationist. He says annexation is the only salvation for Canada. That in that event his industry, which now he idle, would be developed, while the taxable burden of taxation would be largely diminished through an alliance with the United States.

The Nationalist, i.e., us, has been in credit nearly \$12,000,000 during the past year. There is a large deficit in the treasury, while there is a balance of trade equal to \$20,000,000 in the Dominion as the result of the year's operations. He is satisfied that only requires some one who has the courage of his convictions to go before the people on the question of annexation to bring out the strong feeling that already exists in favor of a political alliance with the United States, though the Dominion, and he is determined to use the initiative.

A BRUTE WHO DESERVES EXECUTION.

CLEVELAND, Ohio, Jan. 4.—A special from Bessie, O., gives the details of the attempted murder and rape of Dora Eisenbeiss, a seventeen-year-old girl of that place. She went to the henhouse to feed the chickens, when a man grabbed her and forced her to the bed. She resisted, and he struck her with an ax, inflicting a deep wound on her head, one of which crossed the skull. She says that she can identify her assailant, who followed her yesterday from the city to Bessie. He escaped after assaulting the girl. He is supposed to have been a former employee of the Bessie stone quarries. Miss Eisenbeiss cannot recover.

A FUGITIVE WHOM DESERVES EXECUTION.

ST. CATHARINES, Ont., Jan. 4.—The Lincoln pulp mill, a large frame structure in which was made the coarse grades of paper in connection with the Lincoln paper mills, of Merriton, was destroyed by fire this morning. John Boyle, who was asleep on a finishing table, lost his life. His charred remains were found in the ruins. Loss about \$20,000; insurance \$10,000.

Eight Buildings Destroyed.

ALTOONA, Pa., Jan. 4.—Five-store buildings and three residences were destroyed by fire yesterday afternoon. The loss is estimated at \$30,000; partially covered by insurance. The Galva fire company was called to suppress the flames. Miss Eisenbeiss cannot recover.

A FUGITIVE WHOM DESERVES EXECUTION.

OMAHA, Neb., Jan. 4.—Fire at 1 o'clock this morning in the New York dry goods store on Fifteenth street, this city, caused damage to the stock and building amounting to about \$70,000. Fully covered by insurance.

NOT A HEALTHY HOSPITAL.

A NEW ORLEANS MAN AMUSES HIMSELF BY SHOOTING AT THE SICK.

NEW ORLEANS, Jan. 4.—Chief of Police Hennessy has put all his detectives to work to discover the identity of a miscreant who has amused himself recently by shooting into the windows of the Charity hospital. Christmastime morning three men were seen by an assistant surgeon standing in the second story of a residence directly opposite the hospital. One of them had a revolver pointed toward the doctor. The latter sprang back, and as had so heard the report of the weapon, the bullet went through the window of the colored ward, on the ground floor, and lodged in the leg of a woman patient, inflicting a slight wound. The authorities failed to find the miscreant who did the shooting.

New Year's eve evidently the same man fired another shot at the institution. The shot came from the same street and apparently from the same house. It went through the window pane of the children's ward, on the second floor of the main building, but had its progress stopped by the wooden shutters on the inside. The person who fired the shot has not been located.

CONTRACT TO DRAIN LOBLOLLY SWAMP.

PORTLAND, Ind., Jan. 4.—W. E. Morris, representing the Dayton Dredge company, was the successful bidder for the drainage of the Loblolly swamp. The ditch is fourteen miles long. Sixteen thousand dollars is the price to be paid for the work.

KNOCKED OUT IN THREE ROUNDS.

PORTLAND, Jan. 4.—The fourth day's score in the six days' six-round boxing match is as follows: Miss Lydia Smallford, 21 miles; Miss Mary Lewis, 20 1/2 miles; Miss Jessie Oakes, 23 1/2 miles; Miss Eliza Von Blumen, 24 miles; 1 1/2 lap. Miss Jessie Oakes, 23 1/2 miles; Miss Eliza Von Blumen, 24 miles; 1 1/2 lap.

TOOK A CYCLE RACE.

PORTLAND, Jan. 4.—The fourth day's score in the six days' six-round boxing match is as follows: Miss Lydia Smallford, 21 miles; Miss Mary Lewis, 20 1/2 miles; Miss Jessie Oakes, 23 1/2 miles; Miss Eliza Von Blumen, 24 miles; 1 1/2 lap.

IT WILL NOT BE GENERAL.
Engineers' Opinion Relating to the Q
Strike Extending.

New York, Jan. 4.—The engineers about this town say they know nothing of the action of the brotherhood in the secret meeting held at Chicago to find out the extent which the Chicago, Burlington & Quincy road was supported by the other great lines of the country in their stand against the strikers. A Brotherhood, Pennsylvania, engineer says that the question as to whether the managers of other roads had boycotted the Q strikers had never been discussed at their meetings.

The Jersey City branch, he said, had not received the circular, which, it is reported, was sent out on Monday by the brotherhood in Chicago announcing a fresh boycott on the Q road. Several other engineers who were questioned about the likelihood of a general strike throughout the country in case the managers continued to stand by the Q people, said it was all nonsense. Too much was at stake, and the leaders of the brotherhood were too conservative to think of such extreme measures.

A Record of the Flames

The City Stables in Boston Entirely Destroyed By Fire.

THE HORSES WERE SAVED.

The Loss Will Reach Nearly One Hundred Thousand Dollars—Almost a Pardon for a Children's Home—Fatal Fire in Ontario—Other Fire Losses.

BOSTON, Jan. 4.—The city stables on Marlboro street were burned yesterday, with a large amount of hay and feed and a quantity of furniture and clothing stored there for distribution to the poor by the Associated Charities. The sixty-five horses were saved. Loss to the city is about \$100,000. The stables cost about \$50,000, and were among the most elaborate of their kind in the world. The origin of the fire is unknown. There is no insurance on the building or contents.

Rosemary Pratt, of Engine 13, and Ladderman Sturges, of Truck 4, were badly hurt by falling timbers.

The Marcella Street home, which estate joins that on which the tables were situated, contained at the time the fire started about一百 small children and a number of teachers. By the coolness and excellent discipline of the latter a panic was prevented and the children were marched out in safety. The side apparatus of the home was used on the side of the building, and the fire and the flames were thereby prevented from communicated with the walls of the institution.

Had to Jump for Their Lives.

WASHINGTON, Jan. 4.—At 2:30 o'clock this morning a fire broke out in house No. 2179 Ninth street, occupied by Joseph Chamberlain and family. Damage slight. The flames had gained such headway before they were discovered as to prevent the escape of the inmates by the stairs, and Mr. and Mrs. Chamberlain jumped from the second-story window. The former escaped damage, but the latter was injured in the back.

Mr. Blaine in Washington.

WASHINGTON, Jan. 4.—Hon. James G. Blaine arrived in Washington yesterday afternoon. He came from New York on the limited express of the Pennsylvania railway.

At the depot Representative Pitt, of Illinois, met and exchanged a few words with the statesman from Maine. Then Mr. Phelps and Mr. Blaine were driven to the Rich mond, where Mr. Phelps has a suite of apartments, and where Mr. Blaine will be his guest for several days.

Mr. Blaine submitted to a brief interview in the evening. He said he had come here on no political business. He had come to arrange with lumbermen to put up a house on some property near Dupont circle. He will build this house to rent. He said he would be here for a few days and that when he left, it would be to go to Indianapolis to call on Mr. Harrison.

Mr. Blaine's New District Attorney.

WASHINGTON, Jan. 4.—In sending in the nomination of Solomon Clapp to be district attorney of Indiana, the president sent a message withdrawing the nomination of Leon O. Bailey, recently nominated to that position. There was every prospect that Bailey's nomination would be rejected and thus doubtless determined the president to withdraw it. Senator Voorhees when told by a representative of the United Press that Bailey's name had been withdrawn expressed surprise. He said, however, that he could not discuss the reasons for the withdrawal. He said: "Mr. Claypool is one of the finest lawyers in the state. He lives in Indianapolis. The nomination is a very good one."

Refugee Station in the Arctic Ocean.

WASHINGTON, Jan. 4.—A petition has been presented to the Senate by Senator Stanford, from the chamber of commerce of San Francisco, calling the attention of congress to the urgent need of a permanent relief station in the Arctic ocean. The petition says the whaling fleet fitting out at San Francisco is steadily increasing, and that many hundreds of lives and millions of dollars worth of property are exposed to unusual danger in the pursuit of whaling in the Arctic. A relief station supplied with provisions, fuel, medical stores, heavy clothing, and life saving apparatus, the petition says, would be a great boon to our Arctic whalers.

Not For Free America.

There is No Room in the Senate for Ex-Presidents.

SO SAY SEVERAL SENATORS.

Governor Hill's Proposition Not Received Very Favorably in Washington—The President Appoints a District Attorney For Indiana—Mr. Blaine in Washington En Route to See General Harrison.

WASHINGTON, Jan. 4.—Governor Hill's proposition to the New York legislature to legalize the sale of intoxicating liquors in favor of making ex-presidents members of the senate, is not kindly received here, even by the Democrats. Senator Hawley, of Connecticut, said: "That will never do. The senate might have three or four ex-presidents among its members who might control great measures, while they were forty years behind the people. The proposition is as far as possible from Democracy."

Senator Shadburne sententiously said: "Let the presidents retire to Oak View or some other quiet place."

Senator Teller said: "If it is desirable to support the presidents after their retirement from office, give them pensions and let them live quietly."

Senator Regan, of Texas, said: "I am opposed to the proposition. We have too much to do."

Senator Blaine's suggestion is that the presidents retire to Oak View or some other quiet place.

At a meeting of the Constitutional Amendment association have signified their willingness to enter such an alliance. The Gospel Temperance union, the Murphy association, Sons of Temperance, and even the Catholic Total Abstinence societies, are expected to join at the proper time. Next Monday afternoon the project will be formally introduced at a meeting of the Evangelical Ministerial association.

Commander's Success and Senator, Under Contractor Wilson and Chief Engineer Wilson are the members of the board.

United States Marshal Wilson and Mrs. Wilson gave a dinner yesterday evening to the president and Mrs. Harrison. The other guests were the chief justice and Mrs. Fuller, the postmaster general and Mrs. Dickinson, Secretary Vilas and Col. and Mrs. Dan Laramore. Mrs. Cleveland wore a pale blue silk combined with white lace, and brocaded in pink roses.

A TEMPERANCE TRUST.

Being Formed in Pennsylvania to Fight the Liquor Interests.

PITTSBURGH, Jan. 4.—There are troublous times ahead for the Pennsylvania liquor interests. Something more portentous than high license and more ponderous than either the fence court or the law and order league is now being systematically arranged to worry them in a comprehensive way. It is a formidable plan of attack to defeat them in the coming contest for and against a constitutional amendment prohibiting the sale and manufacture of intoxicating drinks in Pennsylvania.

The plan contemplates a powerful combination of all the heterogeneous temperance organizations in western Pennsylvania. Already eminent leaders in the Prohibition party, the Woman's Christian Temperance union, the Brooks law adherents, the Good Templars and the Constitutional Amendment association have signified their willingness to enter such an alliance. The Gospel Temperance union, the Murphy association, Sons of Temperance, and even the Catholic Total Abstinence societies, are expected to join at the proper time.

were fanned into the new, blazing light of
'89, prices went down at our store for the
annual January

Clearance Sale!

Those who took advantage of the
bargains in the sale one year ago will hail
this announcement with joy, for they know
it means DRY GOODS SO CHEAP that
the poor grow rich. Those who have not
yet attended these sales are invited to call
and see what a bona fide reduction sale is.

THE ARGUMENT

Is this: The first week in February we be-
gin our annual invoice; every merchant
desires to rush out the goods just prior to
that time, and the dry goods merchant es-
pecially likes to boom things. He wants
room for new stock, wants to sell his rem-
nants—so much more valuable to a cus-
tomer than him, and always sold at a great sacrifice; he
wants business to rush in a dull season, and of course
he cuts prices in an attractive way to the customer.

To be brief, "Prices are at Half-mast," so to speak, at
our store, and the clerks are ordered to give you goods
so low that you will rejoice with full arms for a little
money. Call and see what a bona fide clearance sale
is—there is one going on now, first door west of P. O.
